

Other Flight Options Heli-Fishing

Talk to our pilots about tailor made heli-fishing adventures. No, we don't actually fish from the helicopter...we simply use the aircraft to access some more remote and hard to get to spots. The exact location can be a closely guarded secret amongst pilots and crew so come and see us to talk about options. Which sites we use each trip may depend on factors including tides and cruising requirements. Are you up to the challenge?

our pilot to see which options will fit best for you.

Sunset or Sunrise Flights

Take in a spectacular Kimberley sunrise or sunset from your own airborne platform. Options include views of **Raft Point** and **Steep Island** or **Manning Peak** and **Naturalist Beach**. Talk to

a very special and guarded experience so please talk to our pilots if you are interested in this type of encounter.

Photographic Flights

For the serious amateur, professional photographer or film crew talk to our pilots about a dedicated photo/film session. Our helicopter is the perfect platform for aerial shoots and can provide access to some of the more scenic and hidden Kimberley coast locations. Our

pilots have conducted aerial film work across Australia for distinguished organizations and individual such as the BBC Natural history unit, Australian Geographic, Channels Nine, Ten, Seven and ABC and renowned Kimberley photographer Yane Sotiroski, Mattias Klum (National Geographic Photographer) and many others.

NB: Some sites may require permission and/or permits for commercial purposes
Duration and Cost: on application

General Helicopter Information Flights are Flexible

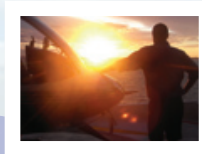

In the Kimberley flights are flexible and itineraries can change. This might be due to tides, daylight, cruising commitments or lunch! We sometimes may need to change departure points for flights so keep an open mind and talk to our pilots.

Doors

We often fly without doors in the Kimberley....largely due to the beautiful conditions and superior visibility. However we do have doors, and can fit them quickly if anyone wants more protection from the elements. There is also a middle seat in the back if anyone feels nervous and would be more comfortable away from the door.

Safety

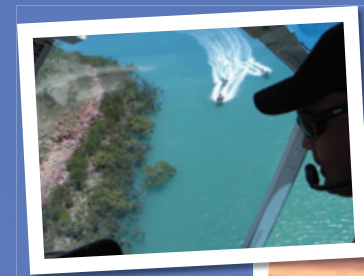

Flying in the Kimberley region, particularly on and off MV Great Escape can be an exhilarating experience. Both The Great Escape Charter Company and Fleet Helicopters take safety seriously to ensure that this experience remains one that you will treasure for a life time. So please take the time to listen to our safety briefings and feel free to ask our pilots and crew if you have any questions.

Great Escape and Fleet Helicopters

Kimberley Helicopter Flights and Adventures

Horizontal Waterfalls

Go vertical over the *horizontal waterfalls* and view the natural phenomenon created by these narrow chasms. Also

view the expanse of the *Buccaneer Archipelago* and its nearly 1000 islands. Explore *Talbot Bay* and its' extensive mangrove lined waters.

Duration: approx 20 minutes
Cost: \$300pp for 2 pax
\$200pp for 3 or more pax

Added Iron

Why not include some extra flight time over the *Buccaneer Archipelago* and the stunning and remote iron mines on *Cockatoo* and *Koolan Islands*

Flight including *Horizontal Waterfalls* and *Added Iron*

Duration: approx 30 minutes
Cost: \$450pp for 2 pax
\$300pp for 3 or more pax

Montgomery Reef

View one of the world's most unique *reef systems*. See the amazing channels that drain the reef and provide a home for incredibly rich *sea life*. Also overfly *High Clifty Island* once home to a mysterious and fascinating indigenous group. This is one of the best ways to see this stunning *reef and island* formation. This flight takes the

best part of half an hour to do it true justice!

Duration: approx 30 minutes
Cost: \$450pp for 2 pax
\$300pp for 3 or more pax

Prince Regent River Biosphere

The *Prince Regent* area is one of only 2 *biospheres* in the world and one of the most unusual river systems in the Kimberley. View its remarkable

straight flow and some of the most picturesque waterfalls and plunge pools in Australia. Visit *Camp Creek*, *King's Cascade* and the *amphitheatre*. Talk to our pilot about landing for a swim at the remote and secluded *Melaleuca Falls* (only accessible by helicopter). To top off this spectacle, we will also overfly the towering *Mt Trafalgar* and *Mt Waterloo*, which stand as sentinels over the region.

Duration: approx 60 minutes (*allow 2 hours if landing at Melaleuca falls*)
Cost: \$900pp for 2 pax
\$600pp for 3 or more pax
Note: Maximum of 3 people per flight if landing at Melaleuca falls on this flight

Melaleuca Falls Heli-picnic

Take time out for a picnic and swim at the secluded *Melaleuca falls*. Experience the grandeur of the *Prince Regent River* en-route

before landing at this secluded set of falls. Enjoy the ambience and special feel of this isolated location before rejoining the Great Escape and continuing your journey. Talk to our pilots about being one of the select few to fully experience this magic locality

Duration: 20-60 minutes (*allow 1.5-4 hrs for entire trip*)
Cost: POA

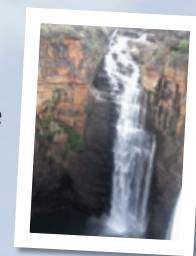

Mitchell Falls

Fly into the heart of the famous *Mitchell Plateau* region and take in the spectacle of the three tiered *Mitchell Falls*. Land at the top of the falls to take in the surrounds by enjoying a walk and swim. Depending on our cruising timetable, we will either depart from the *Hunter River* and over fly the stunning narrow gorge formed by the *Donkins falls* OR depart from the *Anderdon Islands* before crossing over *sandstone outcrops* and the *lower Mitchell Falls* enroute to the *Mitchell River*.

Duration: approx 45 minutes (*allow 1.5-2 hours if landing at Mitchell falls*)
Cost: \$675pp for 2 pax
\$450pp for 3 or more pax

Eagle Falls Heli-Picnic / swim

Utilise the helicopter to access yet another *hard to get to* location. Fly into *Eagle falls* for a swim and picnic lunch. Can't find this site in a tourist brochure? That's because it's not really on the tourist map and access can be difficult....unless you have a helicopter of course.

Durations: 20-60 minutes return
Allow 1.5-4 hours for the entire trip
Cost: POA

King George Falls

Take an aerial view of *King George Falls*....the *highest waterfalls* in Western Australia! This river gorge is one of the most stunning in the Kimberley

Region. Fly over this remarkable vertical sandstone canyon that has cut deep into the surrounding plateau. Also visit *Pang's Pool*

and absorb views of *Koolama Bay*. This flight can be combined with a drop off and/or pick up from the top of King George Falls.

Duration: approx 20 minutes
Cost: \$300pp for 2
\$200pp for 3 or more

Berkeley River

Take to the skies over this fine example of a *Kimberley* flooded river system. The *Berkeley River* is guarded by steep vertical sandstone cliffs and stunning rock formations.

View the *amphitheatre* then climb out of the incised river valley to get views of the *Seppelt* and *Campbell Ranges* which arise surprisingly from the surrounding plateau.

Duration: 20 minutes approx
Cost: \$300pp for 2 pax
\$200pp for 3 or more
