- Mobile contact whilst you are travelling: \_\_\_\_\_

- Accommodation (if applicable) Date you will be departing Broome, flight number and departure time:

\_\_\_\_\_

#### ***Your Dive Certification card will need to be sighted by the Divemaster onboard.***

It is essential that you bring your dive certification with you if you plan on scuba diving with The Great Escape Charter Company. Divers that arrive without proof of training will NOT be permitted to dive. Once onboard you will be asked to complete a diver profile in order for our divemaster to gauge your experience.

The Great Escape Charter Company only supply DIVE TANKS and WEIGHT BELTS, all other dive equipment must be supplied by guests. Hire equipment can be arranged if enough notice is given.

Due to the adventurous nature of cruises we offer and the remote locations we visit, we strongly recommend arranging travel insurance that covers being flown out of a remote location by air.

Please note: Your insurance needs to cover for you for cancellation, injury and being flown out of remote locations.

# Special Requests and Dietary Requirements

The Great Escape Charter Company prides itself on looking after our guests to the best of our ability. To do this, it is essential that we know a little more about your special little needs, wants and habits before you board - as once we get lost in the Kimberley wilderness we can't stop anywhere to purchase that special little something you may need everyday to make your holiday more enjoyable!

Please list any other special requests below (they don't have to be just food related):

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Please don't forget to ask the crew for anything you may be thinking of as we may just have it onboard. It may not be a highly used item and we store it away to help keep the decks tidy and clutter free.  
Just don't forget to ask – the worse answer you can get is no!!

Please tick this box if you would like to stay in touch with the crew through our quarterly "Great Expectations" email newsletter
