Due to the adventurous nature and the remote location of our cruises we strongly recommend you arrange travel insurance that covers you for evacuation by air from a remote location (MEDIVAC). If you do not have a preferred insurer, a company that provides comprehensive insurance cover for this type of adventure is Suresave, you may like to contact them on their information line on 1300 787 376 or you can visit their website www.suresave.com.au

Please note: Your insurance needs to cover for you for cancellation, injury and being flown out of remote locations.
